### The Cleary Verdict.

A man murders his 18-year-old son-in-law under circumstances which give cruel publicity to the misfortune of his daughter. Despite her feelings toward her father, the daughter nerves herself to go into court and testify in his behalf. Her testimony, reinforced by the ever-convenient doubt whether the father "knew what he was doing when he shot his man," move twelve good men and true to bring in a verdict of not guilty.

William V. Cleary may or may not suffer for his crime in the rupture and shame brought upon his family. That depends upon his character and the effects of time. The law, however, does not in any case take into account such consequences. To suffer spiritually for a crime is not to pay the penalty—legal or social. Nor is society served or strengthened thereby. The verdict was merciful, human, but can anyone say that justice has been done?

Mrs. J. Bourtrone has returned to her home in Sabine Pass, after accompanying her daughter, Miss Emma Mangum, to Bryan. Miss Mangum is attending Villa Maria Academy.

Miss Ada Field has returned from Calvert, where she spent the Christmas holidays with her parents, Mr. and Mrs. Harry Field.

Erna Wilson, Alec McCallum, Mills Jossey and Tom McCallum were in town today from the Tabor community.

Miss Frances Hall has returned to Kid-Key College at Sherman, after spending the holidays with her parents, Mr. and Mrs. Ed Hall.

## IMPORTANT RULING BY SUPREME COURT

State Banking Board Supreme in Paying Depositors' Claims Under Guaranty Law.

(By Associated Press.)  
Washington, Jan. 5.—The United States Supreme Court today decided the Oklahoma State Banking Board was not subject to court orders in paying the claims of depositors under the State bank guaranty law.

It affirmed the quarter million dollar judgment against the Danbury Hatters' Union.

### THE AMBITION OF COLQUITT.

Aims at Presidency is View Entered in Victoria.

Victoria, Tex., Jan. 5.—The Daily Advocate said today:

"According to information received by the Advocate from a source considered reliable, Governor Colquitt is not now ambitious to go to the United States Senate, but actually has his eyes fixed on the Presidency of the United States. The report goes that he will have Mr. Hearst's support, and it is figured that his Mexican and cotton policies will line up enough Southern and border States, together with the Republican States that will be attracted by his attack on the Democratic National administration to defeat President Wilson for re-election."

### TWENTY-FIVE NEGROES HELD.

Much Excitement Following Killing Near Wharten.

Wharten, Tex., Jan. 5.—Twenty-five negroes have been placed in jail here charged with the killing of J. F. Ray. The arrests were on the supposition that a conspiracy of the negroes of the Peach Creek neighborhood existed and was made at the negro church Sunday night during the service.

The sheriff and deputies are very cautious about giving out any information. It is rumored that an arrest has been made at Richmond of a negro supposed to be implicated. The jail was well guarded Sunday night to prevent any attempt at lynching of the three negroes under arrest at that time. Great excitement prevailed yesterday, but officers are proceeding cautiously in their investigations.

Mr. Ray was buried here yesterday afternoon.

## HOME GROWN PRODUCTS DINNER

Brazos County Citizens Will Dine on Strictly Home Products on January 12.

There was a called meeting of the Commercial Club yesterday at 10 o'clock, with the following members and visitors present: A. W. Wilkerson, president; L. L. McAnis, R. S. Webb, M. E. Wallace, W. H. Cole, A. M. Waldrop, J. S. Doane, J. L. Edge, John A. Moore Jr., Tyler Haswell, Judge J. T. Maloney, Miss Bernice Carter, State agents for the girls' canning club work, E. F. Parks, Miss Simpson, assistant to the State agent for the girls' canning club work, Mrs. A. J. Buchanan, A. W. Buchanan, H. L. McKnight and others.

Secretary McKnight stated it was the desire of the members of the Brazos County Diversification and Marketing Association, to have a home-grown products dinner in Bryan on January 12, and he wanted the Commercial Club to be responsible for the cooking, preparing and serving of this dinner. A motion was made and carried to appoint a committee to take the matter up and make the arrangements for this dinner. A. M. Waldrop, John A. Moore Jr. and A. W. Buchanan were appointed on that committee.

Permission was then asked for Miss Carter to address the club, and for fifteen minutes that young lady held the club spellbound with what was considered by all who heard it as one of the clearest and most practical presentations of the girls' canning club work that was ever heard by any member of the club. She stated that the county agent, Miss Marie Locke, had proven herself to be a very efficient agent in the work, and that the work had grown so rapidly that it was absolutely necessary for Miss Locke to be put on the work for at least six months in the year, where she had only been on for four months the past year. But in order to do this she must have \$100 more to supplement her salary and that \$100 must be paid by the Commercial Club. After she had finished there was a motion unanimously carried to allow this \$100, and a vote of thanks was given Miss Carter for her splendid address on the great work in which she is engaged.

Mrs. A. J. Buchanan stated that she was sure the ladies' clubs would assist in any way they could in preparing and serving the dinner on January 12, which gracious offer was very much appreciated by the club.

Other matters of importance were brought up, but owing to the fact that the allotted time for this meeting was up, the club adjourned, to meet again Friday morning at 10 o'clock, at which time every member is urged to be present.

### WILL RESUME STREET WORK.

Teams Secured — New System of Caring for City Property.

Mayor Harris reported to The Eagle today that the city had secured two teams of good mules from O. E. Gamill for the purpose of grading and draining the principal streets of the city, and that this work will be started as soon as the streets are sufficiently dry. The teams were secured for the modest sum of \$30 per month and their feed, and at this price the mayor and City Engineer Adams hope to do some good and much needed work on the streets of the city.

A new plan has been adopted by the mayor in regard to the material and tools belonging to the city. These are all inventoried and placed in the municipal warehouse in charge of Mr. Adams and can only be secured by the employees of the city by an order from the mayor. In this manner a complete record of the tools and material and amount of work done and where it was done will be kept, and a report of same will be made each month by Engineer Adams. This is a good plan and, as the mayor stated, it should have been adopted some time ago, as it saves trouble and keeps the members of the council in touch with exactly what is being done by the city's forces.

### WILL BE READY FOR CAR.

Power Plant and Overhead Wires Will Soon Be Ready for Operation.

At present there is very little new to report in the development of the electrification work of the Bryan & College Interurban, except that Howard Eaves, who is in charge of stringing the cable on the line is at work stringing the feed wire and hopes to have this finished in a short time if the good weather continues. This will conclude the work in this department.

C. C. Dudley, the representative of the Fairbanks-Morse Company of St. Louis, is progressing as well as could be expected in installing the power plant, and everything will be in readiness for the new car when it arrives. The latest report on the car states that it will be shipped on January 15, and should be here in a short time after that date.

Mr. Dudley has been secured by the interurban officials to remain in Bryan and take charge of the power plant and the whole electric line, as repair man, and no doubt the line will be kept in first class condition after it is once in operation.

Mrs. L. P. Meerscheidt of San Antonio and sister, Miss Lois Reynolds of Franklin, went to Hearne on a visit to relatives today, after a pleasant visit to their aunt, Mrs. Nannie Rohde.

J. M. Cox and H. C. Anderson of Macy were visitors to the city today on business.

### POSTAL RECEIPTS COMPARED.

According to figures furnished The Eagle by Postmaster J. A. Myers, the Bryan postoffice receipts for December, 1914, decreased from the receipts of the corresponding month in 1913 to the amount of \$138.95, and \$229.20 under the receipts of December, 1912.

Following are the figures given:

December, 1912 ..... \$1,680.55  
December, 1913 ..... 1,590.30  
December, 1914 ..... 1,451.35

No other information has been received from the Postoffice Department at Washington concerning the awarding of the contract for the Federal building to be built in Bryan.

### BUSINESS CHANGE.

The Eagle was informed today that John A. Boriskie, well known merchant of Smetana, has sold his interest in the Boriskie & Stansy grocery store at Smetana to his partner, Mr. Stansy.

Mr. Boriskie will continue to run his saloon, which was formerly in connection with the grocery store, and wishes to take this means of thanking his former patrons for their liberal patronage to him in the past while he was connected with the firm of Boriskie & Stansy.

### VYMOLA-VYMOLA.

Frank Vymola of Kurten and Miss Adela Vymola of Wheelock were united in marriage this morning at 10 o'clock at St. Joseph's Catholic Church in this city. Rev. J. B. Gleason officiating.

The young couple are well known and popular in Brazos County and have a large circle of friends who extend their heartiest congratulations and best wishes for a long and happy future.

A well planned and thoroughly enjoyed reception was given to the members of the wedding party and a number of friends at the home of Mr. and Mrs. Frank Zubik of this city immediately after the wedding.

Mr. and Mrs. Vymola will make their home at Kurten in future.
